

ISHIN HOTELS GROUP PRESS RELEASE

July 2007

Ishin Hotels Group

The Second Spa Facility of “KOTORAN SPA” Brand Opens in the OKINAWA NaHaNa HOTEL & SPA

Ishin Hotels Group (Michael Nigitsch: President and CEO; Headquarters: Toranomon, Minato-ku, Tokyo, Japan) has announced the opening of the Group’s second “KOTORAN SPA” in OKINAWA NaHaNa HOTEL & SPA (Naha-shi, Okinawa / 200 guest rooms). This follows the opening of the very successful KOTORAN SPA at the Kyoto Royal Hotel & Spa.

The concept of KOTORAN SPA is to rejuvenate the body’s physical balance and relax the mind through applications of nature’s purest energy. Many of the treatments on the Spa Menu are inspired by the lifestyles of the ancient Okinawa people and utilize the energy and healing powers of the rich ocean minerals and soils of the Okinawa region.

The signature treatment of the KOTORAN SPA is the “Sea Holistic”. An herbal ball covered with fine linen and filled with sea salt, ocean minerals and lavender is gently warmed and squeezed along the body’s pressure points. This is then followed by warmed stones to further facilitate blood flow. The calming effects of lavender and warmed stones loosen muscle tension and stiffness and leads to deep relaxation.

The Spa also offers the acclaimed Naturo Collection as an additional treatment. This 100% preservative-free, color-free and additive-free natural skin care line is based on the philosophies of accomplished naturopath Dr. C’hoatmoules, a world leader in the areas of physiotherapy and herbal medicine.

The new Spa boasts four treatment rooms and state-of-the-art facilities with superb cypress-wood Jacuzzis and both dry and mist saunas. There are also three bedrock baths in the private Gentleman’s area.

One of the Jacuzzis is devoted to a special treatment known as the “Silky Germanium Bath”. This luxurious soaking treatment facilitates blood flow and increases detoxification. Special Okinawa drinks such as vitamin C-rich hibiscus and Sikwasa citrus are the perfect tonic to cool down after this treatment.

KOTORAN SPA is the perfect tranquil oasis in which to relax, revive and rejuvenate.

Special accommodation packages including KOTORAN Spa treatments will be available at OKINAWA NaHaNa Hotel & Spa and can be found on Ishin Hotels Group’s official website www.ishinhotels.com .
